

General Assembly

February Session, 2008

Raised Bill No. 127

LCO No. 936

00936_____ENV

Referred to Committee on Environment

Introduced by:
(ENV)

***AN ACT CONCERNING THE LEGISLATIVE COMMISSIONERS'
RECOMMENDATIONS FOR TECHNICAL REVISIONS TO THE
ENVIRONMENTAL STATUTES.***

Be it enacted by the Senate and House of Representatives in General Assembly convened:

1 Section 1. Subsection (a) of section 7-131g of the 2008 supplement to
2 the general statutes is repealed and the following is substituted in lieu
3 thereof (*Effective from passage*):

4 (a) Subject to the provisions of sections 7-131d to 7-131k, inclusive,
5 the Commissioner of Environmental Protection may (1) where a
6 federal grant is also made, approve grants to municipalities in an
7 amount not to exceed one-half of the nonfederal share of open space
8 land acquisition or development costs, (2) where a federal
9 rehabilitation or innovation grant is made to a municipality under the
10 Urban Park and Recreation Recovery Act of 1978 (P.L. 95-625, 92 Stat.
11 3538), approve a grant to such municipality not to exceed fifteen per
12 cent of the total project cost of such development or rehabilitation and
13 (3) where a federal grant is not made, [may] approve grants to
14 municipalities in accordance with the provisions of this section.

15 Sec. 2. Subsection (b) of section 12-263m of the 2008 supplement to
16 the general statutes is repealed and the following is substituted in lieu
17 thereof (*Effective from passage*):

18 (b) There shall be paid to the Commissioner of Revenue Services by
19 each dry cleaning establishment [, as defined in this subsection,] a
20 surcharge of one per cent of its gross receipts at retail for any dry
21 cleaning service performed on or after January 1, 1995. Each such
22 establishment shall register with the Commissioner of Revenue
23 Services on forms prescribed by him. Each such establishment shall
24 submit a return quarterly to the Commissioner of Revenue Services,
25 applicable with respect to the calendar quarter beginning January 1,
26 1995, and each calendar quarter thereafter, on or before the last day of
27 the month immediately following the end of each such calendar
28 quarter, on a form prescribed by the commissioner, together with
29 payment of the quarterly surcharge determined and payable in
30 accordance with the provisions of this section. Whenever such
31 surcharge is not paid when due, a penalty of ten per cent of the
32 amount due or fifty dollars, whichever is greater, shall be imposed,
33 and such surcharge shall bear interest at the rate of one per cent per
34 month or fraction thereof until the same is paid. The Commissioner of
35 Revenue Services shall cause copies of a form prescribed for
36 submitting returns as required under this section to be distributed to
37 persons subject to the surcharge. Failure to receive such form shall not
38 be construed to relieve anyone subject to the surcharge under this
39 section from the obligations of submitting a return, together with
40 payment of such surcharge within the time required. The provisions of
41 sections 12-548 to 12-554, inclusive, and sections 12-555a and 12-555b
42 shall apply to the provisions of this section in the same manner and
43 with the same force and effect as if the language of said sections 12-548
44 to 12-554, inclusive, and sections 12-555a and 12-555b had been
45 incorporated in full into this section and had expressly referred to the
46 surcharge imposed under this section, except to the extent that any
47 such provision is inconsistent with a provision of this section and
48 except that the term "tax" shall be read as "dry cleaning establishment

49 surcharge". Any moneys received by the state pursuant to this section
50 shall be deposited into the account established pursuant to subsection
51 (c) of this section.

52 Sec. 3. Subsection (h) of section 12-263m of the 2008 supplement to
53 the general statutes is repealed and the following is substituted in lieu
54 thereof (*Effective from passage*):

55 (h) The Commissioner of Economic and Community Development
56 shall establish procedures for distribution of the grants and shall adopt
57 criteria to carry out the provisions of this section. Such criteria shall
58 specify (1) who may apply for grants; (2) how establishments, whether
59 owned or leased, will be determined to be eligible for grants; and (3)
60 the costs for which [a grant] grants may be made.

61 Sec. 4. Section 12-504e of the 2008 supplement to the general statutes
62 is repealed and the following is substituted in lieu thereof (*Effective*
63 *from passage*):

64 Any land which has been classified by the owner as farm land
65 pursuant to section 12-107c, [as] forest land pursuant to section 12-
66 107d, open space land pursuant to section 12-107e or maritime heritage
67 land pursuant to section 12-107g of the 2008 supplement to the general
68 statutes, if changed by him, within a period of ten years of his
69 acquisition of title, to use other than farm land, forest land, open space
70 land or maritime heritage land, shall be subject to said conveyance tax
71 as if there had been an actual conveyance by him, as provided in
72 sections 12-504a of the 2008 supplement to the general statutes and 12-
73 504b, at the time he makes such change in use. For the purposes of this
74 section: (1) The value of any such property shall be the fair market
75 value thereof as determined by the assessor in conjunction with the
76 most recent revaluation, and (2) the date used for purposes of
77 determining such tax shall be the date on which the use of such
78 property is changed, or the date on which the assessor becomes aware
79 of a change in use of such property, whichever occurs first.

80 Sec. 5. Subsection (b) of section 16-50j of the 2008 supplement to the
81 general statutes is repealed and the following is substituted in lieu
82 thereof (*Effective from passage*):

83 (b) Except for proceedings under chapter 445, this subsection and
84 subsection (c) of this section, the council shall consist of: (1) The
85 Commissioner of Environmental Protection, or his designee; (2) the
86 chairman, or his designee, of the Public Utilities Control Authority; (3)
87 one designee of the speaker of the House and one designee of the
88 president pro tempore of the Senate; and (4) five members of the
89 public, to be appointed by the Governor, at least two of whom shall be
90 experienced in the field of ecology, and not more than one of whom
91 shall have affiliation, past or present, with any utility or governmental
92 utility regulatory agency, or with any person owning, operating,
93 controlling, or presently contracting with respect to a facility, a
94 hazardous waste facility, as defined in section 22a-115, or an ash
95 residue disposal area.

96 Sec. 6. Section 16a-21a of the general statutes is repealed and the
97 following is substituted in lieu thereof (*Effective from passage*):

98 (a) The amount of sulfur content of the following fuels sold, offered
99 for sale, distributed or used in this state shall not exceed the following
100 percentages by weight: (1) For number two heating oil, three-tenths of
101 one per cent, and (2) for number two off-road diesel fuel, three-tenths
102 of one per cent.

103 (b) As of the date on which the last of the states of New York,
104 Massachusetts and Rhode Island [~~limit~~] limits the sulfur content of
105 number two heating oil to one thousand five hundred parts per
106 million, the sulfur content of number two heating oil sold, offered for
107 sale, distributed or used in this state shall not exceed one thousand five
108 hundred parts per million.

109 (c) As of the date on which the last of the states of New York,
110 Massachusetts and Rhode Island [~~limit~~] limits the sulfur content of

111 number two heating oil to one thousand two hundred fifty parts per
112 million, the sulfur content of number two heating oil sold, offered for
113 sale, distributed or used in this state shall not exceed one thousand two
114 hundred fifty parts per million.

115 (d) As of the date on which the last of the states of New York,
116 Massachusetts and Rhode Island [limit] limits the sulfur content of
117 number two heating oil to five hundred parts per million, the sulfur
118 content of number two heating oil sold, offered for sale, distributed or
119 used in this state shall not exceed five hundred parts per million.

120 (e) As of the date on which the last of the states of New York,
121 Massachusetts and Rhode Island [limit] limits the sulfur content of
122 number two off-road diesel fuel to five hundred parts per million, the
123 sulfur content of number two off-road diesel fuel offered for sale,
124 distributed or used in this state shall not exceed five hundred parts per
125 million.

126 (f) The Commissioner of Environmental Protection may suspend the
127 requirements of subsections (a) to (e), inclusive, of this section if the
128 commissioner finds that the physical availability of fuel which
129 complies with such requirements is inadequate to meet the needs of
130 residential, commercial or industrial users in this state and that such
131 inadequate physical availability constitutes an emergency provided
132 the commissioner shall specify in writing the period of time such
133 suspension shall be in effect.

134 Sec. 7. Subsection (a) of section 19a-35a of the 2008 supplement to
135 the general statutes is repealed and the following is substituted in lieu
136 thereof (*Effective from passage*):

137 (a) Notwithstanding the provisions of chapter 439 and sections 22a-
138 430 and 22a-430b, the Commissioner of Public Health shall, not later
139 than December 31, 2008, and within available appropriations, pursuant
140 to section 19a-36 of the 2008 supplement to the general statutes,
141 establish and define categories of discharge that constitute alternative

142 on-site sewage treatment systems with capacities of five thousand
 143 gallons or less per day. After the establishment of such categories, said
 144 commissioner shall have jurisdiction, within available appropriations,
 145 to issue or deny permits and approvals for such systems and for all
 146 discharges of domestic sewage to the groundwaters of the state from
 147 such systems. Said commissioner shall, pursuant to section 19a-36 of
 148 the 2008 supplement to the general statutes, and within available
 149 [appropriatons] appropriations, establish minimum requirements for
 150 alternative on-site sewage treatment systems under said
 151 commissioner's jurisdiction, including, but not limited to: (1)
 152 Requirements related to activities that may occur on the property; (2)
 153 changes that may occur to the property or to buildings on the property
 154 that may affect the installation or operation of such systems; and (3)
 155 procedures for the issuance of permits or approvals by said
 156 commissioner, a local director of health, or a sanitarian licensed
 157 pursuant to chapter 395. A permit or approval granted by said
 158 commissioner, such local director of health or such sanitarian for an
 159 alternative on-site sewage treatment system pursuant to this section
 160 shall: (A) Not be inconsistent with the requirements of the federal
 161 Water Pollution Control Act, 33 [USC. section] USC 1251 et seq., the
 162 federal Safe Drinking Water Act, 42 [USC. section] USC 300f et seq.,
 163 and the standards of water quality adopted pursuant to section 22a-
 164 426, as such laws and standards may be amended from time to time,
 165 (B) not be construed or deemed to be an approval for any other
 166 purpose, including, but not limited to, any planning and zoning or
 167 municipal inland wetlands and watercourses requirement, and (C) be
 168 in lieu of a permit issued under sections 22a-430 or 22a-430b. For
 169 purposes of this section, "alternative on-site sewage treatment system"
 170 means a sewage treatment system serving one or more buildings on a
 171 single parcel of property that utilizes a method of treatment other than
 172 a subsurface sewage disposal system and that involves a discharge of
 173 domestic sewage to the groundwaters of the state.

174 Sec. 8. Subsection (d) of section 22-358 of the 2008 supplement to the
 175 general statutes is repealed and the following is substituted in lieu

176 thereof (*Effective from passage*):

177 (d) Any dog, while actually worrying or pursuing deer, may be
 178 killed by the Chief Animal Control Officer or an animal control officer
 179 or by a conservation officer or special conservation officer appointed
 180 by the Commissioner of Environmental Protection, or by any police
 181 officer or state policeman. The owner or keeper of any dog found
 182 worrying or pursuing a deer shall be fined not less than twenty-five
 183 dollars [nor] or more than two hundred dollars or be imprisoned not
 184 more than sixty days, or both.

185 Sec. 9. Subdivision (2) of subsection (d) of section 22a-6u of the
 186 general statutes is repealed and the following is substituted in lieu
 187 thereof (*Effective from passage*):

188 (2) The owner of the subject parcel [.] shall notify the commissioner
 189 in writing not later than ninety days after the time such owner
 190 becomes aware that the contamination exists except that notification
 191 will not be required if [not later than] by the end of said ninety days:
 192 (A) The contaminated soil is remediated in accordance with
 193 regulations adopted pursuant to section 22a-133k; (B) the
 194 contaminated soil is inaccessible soil as that term is defined in
 195 regulations adopted pursuant to section 22a-133k; or (C) the
 196 contaminated soil which exceeds thirty times such criterion is treated
 197 or disposed of in accordance with all applicable laws and regulations.

198 Sec. 10. Subsections (j) and (k) of section 22a-6u of the general
 199 statutes are repealed and the following is substituted in lieu thereof
 200 (*Effective from passage*):

201 (j) All notices, oral or written, provided under this section shall
 202 include the nature of the contamination or condition, the address of the
 203 property where the contamination or condition is located, the location
 204 of such contamination or condition, any property known to be affected
 205 by such contamination or condition, any steps being taken to abate,
 206 remediate or monitor such contamination or condition, and the name

207 and address of the person making such notification. Written
 208 notification shall be clearly marked as notification required by this
 209 section and shall be either personally delivered to the Water
 210 Management Bureau of the Department of Environmental Protection
 211 or sent by certified mail, return receipt requested, to the Water
 212 Management Bureau of the Department of Environmental Protection.

213 (k) The commissioner shall provide written acknowledgment of
 214 receipt of a written notice pursuant to this section not later than ten
 215 days [of] after receipt of such notice. Such acknowledgment shall be
 216 accompanied by (1) a statement that the owner of the parcel has up to
 217 ninety days within which to submit to the commissioner a plan to
 218 remediate or abate the contamination or condition. If such plan is not
 219 submitted or is not approved by the commissioner, the commissioner
 220 shall prescribe the action to be taken, or (2) a directive as to action
 221 required to remediate or abate the contamination or condition. If a
 222 plan is submitted which details actions to be taken, or a report is
 223 submitted which details actions taken, to mitigate the contamination or
 224 conditions such that notice under this section would not be required,
 225 and such plan or report is acceptable to the commissioner, the
 226 commissioner shall approve such plan or report in writing. When
 227 actions implementing an approved plan are completed, the
 228 commissioner shall issue a certificate of compliance.

229 Sec. 11. Subsection (a) of section 22a-59 of the 2008 supplement to
 230 the general statutes is repealed and the following is substituted in lieu
 231 thereof (*Effective from passage*):

232 (a) For purposes of enforcing the provisions of this chapter, sections
 233 10-231b of the 2008 supplement to the general statutes, 10-231c [] and
 234 10-231d, subsection (a) of section 23-61a and sections 23-61b and 23-
 235 61f, the commissioner may designate, within available appropriations,
 236 officers or employees who may enter at reasonable times, any
 237 establishment or other place where pesticides or devices are being or
 238 have been used, or where pesticides or devices are held for use,

239 distribution or sale in order to: (1) Observe the application of
 240 pesticides; (2) determine if the applicator is or should be certified; (3)
 241 determine if the applicator has obtained a proper permit to apply
 242 restricted use pesticides; (4) inspect equipment or devices used to
 243 apply pesticides; (5) inspect or investigate the validity of damage
 244 claims; (6) inspect or obtain samples in any place where pesticides or
 245 devices have been used or are held for use, storage, distribution or
 246 sale; (7) obtain samples of any pesticides or devices packaged, labeled
 247 and released for shipment and samples of any containers or labeling
 248 for such pesticides or devices; [.] and (8) obtain samples of any
 249 pesticides or devices that have been used; and obtain samples of any
 250 containers or labeling for such pesticides or devices. Before
 251 undertaking such inspection, the officers or employees shall present to
 252 the owner, operator [.] or agent in charge of the establishment or other
 253 place where pesticides or devices are held for distribution or sale,
 254 appropriate credentials and a written statement as to the reason for the
 255 inspection, including a statement as to whether a violation of the law is
 256 suspected. If no violation is suspected, an alternate and sufficient
 257 reason shall be given in writing. Each such inspection shall be
 258 commenced and completed with reasonable promptness. If the officer
 259 or employee obtains any samples, prior to leaving the premises, he
 260 shall give to the owner, operator [.] or agent in charge a receipt
 261 describing the samples obtained and, if requested, a portion of each
 262 such sample equal in volume or weight to the portion retained. If an
 263 analysis is made of such samples, the laboratories of the Connecticut
 264 Agricultural Experiment Station may be used and a copy of the results
 265 of such analysis shall be furnished promptly to the owner, operator [.]
 266 or [agents] agent in charge and the commissioner.

267 Sec. 12. Subdivision (16) of subsection (b) of section 22a-61 of the
 268 2008 supplement to the general statutes is repealed and the following
 269 is substituted in lieu thereof (*Effective from passage*):

270 (16) To use any pesticide in tests on human beings unless such
 271 human beings [(i)] (A) are fully informed of the nature and purposes of

272 the test and of any physical and mental health consequences which are
273 reasonably foreseeable, therefrom, and [(ii)] (B) freely volunteer to
274 participate in the test.

275 Sec. 13. Section 22a-63 of the 2008 supplement to the general statutes
276 is repealed and the following is substituted in lieu thereof (*Effective*
277 *from passage*):

278 (a) Any registrant, commercial applicator, uncertified person who
279 performs or advertises or solicits to perform commercial application,
280 wholesaler, dealer, retailer or other distributor who knowingly violates
281 any provision of this chapter, section 10-231b of the 2008 supplement
282 to the general statutes, 10-231c [,] or 10-231d, subsection (a) of section
283 23-61a or section 23-61b, shall be fined not more than five thousand
284 dollars, or imprisoned for not more than one year, or both.

285 (b) Any private applicator or other person, not included in
286 subsection (a) of this section, who knowingly violates any provision of
287 this chapter, section 10-231b of the 2008 supplement to the general
288 statutes, 10-231c [,] or 10-231d, subsection (a) of section 23-61a or
289 section 23-61b, shall be fined not more than one thousand dollars, or
290 imprisoned for not more than thirty days, or both.

291 (c) Any person who, with intent to defraud, uses or reveals
292 information relative to formulas of products acquired under the
293 authority of this chapter, shall be fined not more than ten thousand
294 dollars, or imprisoned for not more than one year, or both.

295 (d) When construing and enforcing the provisions of this chapter,
296 sections 10-231b of the 2008 supplement to the general statutes, 10-231c
297 [,] and 10-231d, subsection (a) of section 23-61a and sections 23-61b and
298 23-61f, the action, omission or failure to act of any officer, agent or
299 other person acting for or employed by any person shall in every case
300 be also deemed to be the action, omission or failure to act of such
301 person as well as that of the person employed.

302 (e) Any person who violates any provision of this chapter, section
 303 10-231b of the 2008 supplement to the general statutes, 10-231c or 10-
 304 231d, may be assessed a civil penalty of not more than two thousand
 305 five hundred dollars per day for each day such violation continues.
 306 The Attorney General, upon complaint of the commissioner, shall
 307 institute a civil action to recover such penalty in the superior court for
 308 the judicial district of Hartford. All actions brought by the Attorney
 309 General shall have precedence in the order of trial as provided in
 310 section 52-191.

311 (f) Any person who is not certified as a commercial applicator who
 312 performs or advertises or solicits to perform commercial application of
 313 a pesticide, or any person possessing an operational certificate for
 314 commercial application under section 22a-54 who performs or
 315 advertises or solicits to perform any activity requiring a supervisory
 316 certificate for commercial application shall be assessed a civil penalty
 317 in an amount not less than one thousand dollars or more than two
 318 thousand dollars for each day such violation continues. For any
 319 subsequent violation, such penalty shall be not more than five
 320 thousand dollars. The Attorney General, upon complaint of the
 321 commissioner, may institute a civil action to recover such penalty in
 322 the superior court for the judicial district of Hartford. Any penalties
 323 collected under this subsection shall be deposited in the
 324 Environmental Quality Fund established under section 22a-27g of the
 325 2008 supplement to the general statutes and shall be used by the
 326 commissioner to carry out the purposes of this section.

327 Sec. 14. Subsections (a) and (b) of section 22a-133u of the 2008
 328 supplement to the general statutes are repealed and the following is
 329 substituted in lieu thereof (*Effective from passage*):

330 (a) The Commissioner of Environmental Protection may use any
 331 funds in the Special Contaminated Property Remediation and
 332 Insurance Fund established in section 22a-133t other than any funds
 333 which are necessary to carry out any other responsibility of said

334 commissioner under this section, for (1) removal or mitigation of a
335 spill, as defined in section 22a-452c, upon or into land or waters of the
336 state if the owner of the property associated with such spill is found to
337 be an innocent landowner, as defined in section 22a-452d, and for
338 administrative costs related to such removal or mitigation, or (2)
339 administrative costs related to the remediation of a property for which
340 a loan was made under subsection (b) of this section provided not
341 more than five thousand dollars shall be disbursed from the fund for
342 such purpose. Said commissioner may use any funds received in
343 connection with the issuance of a covenant not to sue or a settlement
344 by said commissioner of a claim related to contaminated real property,
345 or any funds received pursuant to section 22a-16a, for removal or
346 mitigation of a spill, as defined in section 22a-452c, for which the
347 owner of the property associated with such spill would be liable except
348 for a covenant not to sue entered into pursuant to sections 22a-133aa or
349 22a-133bb and for administrative costs related to such removal or
350 mitigation. Said commissioner may use any funds received pursuant to
351 section 22a-134e and subsection (c) of section 22a-133aa, for expenses
352 related to the administration of sections 22a-134 to 22a-134e, inclusive,
353 as amended by this act, and for expenses related to administration of
354 sections 22a-133x, 22a-133y, 22a-133aa and 22a-133bb.

355 (b) The Commissioner of Economic and Community Development
356 [] may use any funds deposited into the Special Contaminated
357 Property Remediation and Insurance Fund pursuant to section 3 of
358 public act 96-250* for (1) loans to municipalities, individuals or firms
359 for Phase II environmental site assessments, Phase III investigations of
360 real property or for any costs of demolition, including related lead and
361 asbestos removal or abatement costs or costs related to the remediation
362 of environmental pollution, undertaken to prepare contaminated real
363 property for development subsequent to any Phase III investigation,
364 and (2) expenses related to administration of this subsection provided
365 such expenses may not exceed one hundred twenty-five thousand
366 dollars per year.

367 Sec. 15. Subparagraph (L) of subdivision (1) of section 22a-134 of the
368 2008 supplement to the general statutes is repealed and the following
369 is substituted in lieu thereof (*Effective from passage*):

370 (L) Conveyance of an interest in an establishment to a trustee of an
371 inter vivos trust created by the transferor solely for the benefit of one
372 or more [sibling, spouse, child, parent, grandchild, child] siblings,
373 spouses, children, parents, grandchildren, children of a sibling or
374 [sibling] siblings of a parent of the transferor.

375 Sec. 16. Subparagraph (V) of subdivision (1) of section 22a-134 of the
376 2008 supplement to the general statutes is repealed and the following
377 is substituted in lieu thereof (*Effective from passage*):

378 (V) Conveyance of any real property or business operation that
379 would qualify as an establishment solely as a result of (i) the
380 generation of more than one hundred kilograms of universal waste in
381 a calendar month, (ii) the storage, handling or transportation of
382 universal waste generated at a different location, or (iii) activities
383 undertaken at a universal waste transfer facility, provided any such
384 real property or business operation does not otherwise qualify as an
385 establishment; [that] there has been no discharge, spillage,
386 uncontrolled loss, seepage or filtration of a universal waste or a
387 constituent of universal waste that is a hazardous substance at or from
388 such real property or business operation; and [that] universal waste is
389 not also recycled, treated, except for treatment of a universal waste
390 pursuant to 40 CFR 273.13(a)(2) or (c)(2) or 40 CFR 273.33 (a)(2) or
391 (c)(2), or disposed of at such real property or business operation.

392 Sec. 17. Subsections (g) and (h) of section 22a-134a of the 2008
393 supplement to the general statutes are repealed and the following is
394 substituted in lieu thereof (*Effective from passage*):

395 (g) (1) Except as provided in subsection (h) of this section, the
396 certifying party to a Form III or Form IV shall, [on or before] not later
397 than seventy-five days after the receipt of the notice that such form is

398 complete or such later date as may be approved in writing by the
399 commissioner, submit a schedule for the investigation of the parcel
400 and remediation of the establishment. Such schedule shall, unless a
401 later date is specified in writing by the commissioner, provide that the
402 investigation shall be completed within two years of the date of receipt
403 of such notice and that remediation shall be initiated [within] not later
404 than three years [of] after the date of receipt of such notice. The
405 schedule shall also include a schedule for providing public notice of
406 the remediation prior to the initiation of such remediation in
407 accordance with subsection (i) of this section. Not later than two years
408 after the date of the receipt of the notice that the Form III or Form IV is
409 complete, unless the commissioner has specified a later day, in writing,
410 the certifying party shall submit to the commissioner documentation,
411 approved in writing by a licensed environmental professional and in a
412 form prescribed by the commissioner, that the investigation has been
413 completed in accordance with prevailing standards and guidelines.
414 Not later than three years after the date of the receipt of the notice that
415 the Form III or Form IV is complete, unless the commissioner has
416 specified a later day in writing, the certifying party shall notify the
417 commissioner in a form prescribed by the commissioner that the
418 remediation has been initiated, and shall submit to the commissioner a
419 remedial action plan approved in writing by a licensed environmental
420 professional in a form prescribed by the commissioner.
421 Notwithstanding any other provision of this section, the commissioner
422 may determine at any time that the commissioner's review and written
423 approval is necessary and in such case shall notify the certifying party
424 that the commissioner's review and written approval is necessary.
425 Such certifying party shall investigate the parcel and remediate the
426 establishment in accordance with the proposed schedule or the
427 schedule specified by the commissioner. When remediation of the
428 entire establishment is complete, the certifying party shall submit to
429 the commissioner a final verification by a licensed environmental
430 professional. Any such final verification may include and rely upon a
431 verification for a portion of the establishment submitted pursuant to

432 subdivision (2) of this subsection. Verifications shall be submitted on a
433 form prescribed by the commissioner.

434 (2) If a certifying party completes the remediation for a portion of an
435 establishment, such party may submit a verification by a licensed
436 environmental professional for any such portion of an establishment.
437 The certifying party shall be deemed to have satisfied the requirements
438 of this subsection for that portion of the establishment covered by any
439 such verification. If any portion of an establishment for which a
440 verification is submitted pursuant to this subdivision is transferred [.]
441 or conveyed or undergoes a change in ownership before remediation
442 of the entire establishment is complete that would not otherwise be
443 subject to the provisions of sections 22a-134 to 22a-134e, inclusive,
444 [then] of the 2008 supplement to the general statutes, as amended by
445 this act, the certifying party shall provide notice to the commissioner of
446 such transfer, conveyance or change in ownership not later than thirty
447 days [of] after any such transfer, conveyance or change in ownership.

448 (3) (A) The commissioner may conduct an audit of any verification
449 submitted pursuant to this section, but shall not conduct an audit of a
450 final verification of an entire establishment submitted pursuant to
451 subdivision (1) of this subsection after three years have passed since
452 the date of the commissioner's receipt of such final verification unless
453 an exception listed in subparagraph (C) of subdivision (3) of this
454 subsection applies. Upon completion of an audit, the commissioner
455 shall send written audit findings to the certifying party and the
456 licensed environmental professional who verified. The three-year time
457 frame for an audit of a final verification of an entire establishment shall
458 apply to such final verifications received by the commissioner after
459 October 1, 2007.

460 (B) The commissioner may request additional information during an
461 audit. If such information has not been provided to the commissioner
462 within ninety days of the commissioner's request for such information
463 or any longer time as the commissioner may determine in writing, the

464 commissioner may either (i) suspend the audit, which for a final
465 verification shall suspend the running of the three-year audit time
466 frame until such time as the commissioner receives all the information
467 requested, or (ii) complete the audit based upon the information
468 provided in the verification before the request for additional
469 information.

470 (C) The commissioner shall not conduct an audit of a final
471 verification of an entire establishment after three years from receipt of
472 such verification pursuant to this subdivision unless (i) the
473 commissioner has reason to believe that a verification was obtained
474 through the submittal of materially inaccurate or erroneous
475 information, or otherwise misleading information material to the
476 verification or that misrepresentations were made in connection with
477 the submittal of the verification, (ii) a verification is submitted
478 pursuant to an order of the commissioner pursuant to subdivision (j) of
479 section 22a-134a of the 2008 supplement to the general statutes, (iii)
480 any post-verification monitoring, or operations and maintenance, is
481 required as part of a verification and which has not been done, (iv) a
482 verification that relies upon an environmental land use restriction was
483 not recorded on the land records of the municipality in which such
484 land is located in accordance with section 22a-133o and applicable
485 regulations, (v) the commissioner determines that there has been a
486 violation of sections 22a-134 to 22a-134e of the 2008 supplement to the
487 general statutes, as amended by this act, or (vi) the commissioner
488 determines that information exists indicating that the remediation may
489 have failed to prevent a substantial threat to public health or the
490 environment.

491 (h) (1) If the commissioner notifies the certifying party to a Form III
492 or Form IV that the commissioner's review and written approval of the
493 investigation of the parcel and remediation of the establishment is
494 required, such certifying party shall, [on or before] not later than thirty
495 days [of] after the receipt of such notice or such later date as may be
496 approved in writing by the commissioner, submit for the

497 commissioner's review and written approval a proposed schedule for:
498 (A) Investigating the parcel and remediating the establishment; (B)
499 submitting to the commissioner scopes of work, technical plans,
500 technical reports and progress reports related to such investigation and
501 remediation; and (C) providing public notice of the remediation prior
502 to the initiation of such remediation in accordance with subsection (i)
503 of this section. Upon the commissioner's approval of such schedule,
504 such certifying party shall, in accordance with the approved schedule,
505 submit scopes of work, technical plans, technical reports and progress
506 reports to the commissioner for the commissioner's review and written
507 approval. Such certifying party shall perform all actions identified in
508 the approved scopes of work, technical plans, technical reports and
509 progress reports in accordance with the approved schedule. The
510 commissioner may approve in writing any modification proposed in
511 writing by such certifying party to such schedule or investigation and
512 remediation. The commissioner may, at any time, notify such
513 certifying party in writing that the commissioner's review and written
514 approval is not required and that a licensed environmental
515 professional may verify that the remediation has been performed in
516 accordance with the remediation standards.

517 (2) A certifying party may complete the remediation of a portion of
518 an establishment and request that the commissioner determine that the
519 requirements of this subsection have been satisfied for any such
520 portion of the establishment. If the commissioner determines that any
521 such remediation is complete, the certifying party shall be deemed to
522 have satisfied the requirements of this subsection for any such portion
523 of an establishment. Any determination by the commissioner that
524 remediation at the entire establishment has been completed may
525 include and rely upon any determination made pursuant to this
526 subdivision that remediation is complete at a portion of an
527 establishment. If any portion of an establishment for which the
528 commissioner determines that remediation is complete pursuant to
529 this subdivision is transferred [,] or conveyed or undergoes a change in
530 ownership before remediation of the entire establishment is complete

531 that would not otherwise be subject to the provisions of sections 22a-
 532 134 to 22a-134e, inclusive, [then] of the 2008 supplement to the general
 533 statutes, as amended by this act, the certifying party shall provide
 534 notice to the commissioner of such transfer, conveyance or change in
 535 ownership not later than thirty days [of] after any such transfer,
 536 conveyance or change in ownership.

537 Sec. 18. Subsections (b) and (c) of section 22a-199 of the general
 538 statutes are repealed and the following is substituted in lieu thereof
 539 (*Effective from passage*):

540 (b) (1) On and after July 1, 2008, the owner or operator of an affected
 541 unit or units shall: [(1)] (A) Meet an emissions rate of equal to or less
 542 than 0.6 pounds of mercury per TBtu, or [(2)] (B) meet a mercury
 543 emissions rate equal to a ninety per cent reduction of mercury from the
 544 measured inlet conditions for the affected unit, whichever emissions
 545 rate is more readily achievable by such affected unit, as determined by
 546 the owner or operator of such affected unit. Compliance with the
 547 requirements of this subdivision shall be demonstrated in accordance
 548 with the provisions of subdivision (3) of this subsection.

549 (2) (A) If the owner or operator of any affected unit properly installs
 550 and operates control technology designed to achieve the mercury
 551 emissions rate requirement of subdivision (1) of this subsection and
 552 such technology fails to achieve said emission rate, such owner or
 553 operator shall notify the Commissioner of Environmental Protection of
 554 such failure no later than February 1, 2009. Such owner or operator
 555 shall submit each quarterly stack test from such affected unit to the
 556 Commissioner of Environmental Protection for evaluation and
 557 establishment of an alternative emissions limit for such affected unit
 558 based upon the optimized performance of such properly installed and
 559 operated control technology. The Commissioner of Environmental
 560 Protection shall establish an alternative emissions limit for any such
 561 affected unit no later than April 1, 2010.

562 (B) Upon the establishment of an alternative emissions limit for an

563 affected unit, pursuant to subparagraph (A) of this subdivision, the
564 Commissioner of Environmental Protection shall incorporate such
565 alternative emissions limit into the Title V permit for such affected
566 unit. Thereafter, upon any application for renewal of such Title V
567 permit, the Commissioner of Environmental Protection shall conduct a
568 review of such affected unit's alternative emissions limit and may
569 impose a more stringent alternative emissions limit based upon any
570 new data regarding the demonstrated control capabilities of the type of
571 control technology installed and operated at such affected unit.

572 (C) If the owner or operator of any affected unit properly installs
573 and operates control technology designed to achieve the mercury
574 emissions rate requirement established in subdivision (1) of this
575 subsection, but such technology fails to achieve such emissions
576 requirement, and such owner or operator notifies the Commissioner of
577 Environmental Protection of such failure no later than February 1,
578 2009, the owner or operator of such affected unit shall demonstrate
579 compliance with the requirements of subdivision (1) of this subsection
580 for the period beginning July 1, 2008, and ending on the date of the
581 issuance of an alternative emissions limit, pursuant to subparagraph
582 (A) of this subdivision, by operating and maintaining such affected
583 unit, including any associated air pollution control equipment, in a
584 manner consistent with good air pollution control practices for the
585 minimization of mercury emissions, as determined by the
586 Commissioner of Environmental Protection. In determining whether
587 the owner or operator of such affected unit is operating and
588 maintaining such affected unit in a manner consistent with good air
589 pollution control practices for the minimization of mercury emissions,
590 the Commissioner of Environmental Protection may review the
591 emissions monitoring results and operating and maintenance
592 procedures of such unit and may inspect such affected unit.

593 (3) (A) Any stack test used to demonstrate compliance with the
594 mercury emissions rate requirements of subdivision (1) of this
595 subsection or used in the establishment or compliance with an

596 alternative emissions limit pursuant to subdivision (2) of this
597 subsection, shall be based on the average of the stack tests conducted
598 during the two most recent calendar quarters for an affected unit and
599 shall be conducted on a calendar quarter basis in accordance with the
600 Environmental Protection Agency's Method 29 for the determination
601 of metal emissions from stationary sources, as set forth in 40 CFR 60,
602 Appendix A, as amended from time to time, or any other alternative
603 method approved by the Environmental Protection Agency or the
604 Commissioner of Environmental Protection. Such stack tests shall be
605 conducted while combusting coal or coal blends that are representative
606 of the coal or coal blends combusted at such affected unit during the
607 calendar quarter represented by such stack test.

608 (B) If the Commissioner of Environmental Protection determines
609 that continuous emission monitors for mercury in flue gases are
610 commercially available and can perform in accordance with National
611 Institute of Technology Standards, or other methodology approved by
612 the Environmental Protection Agency, the owner or operator of any
613 affected unit shall properly install and operate such continuous
614 emission monitors and shall not be required to conduct stack testing
615 on a calendar quarter basis. When reporting compliance with the
616 mercury emissions rate requirement of subdivision (1) or (2) of this
617 subsection, as applicable, the owner or operator of an affected unit
618 shall use an average of the continuous emission monitor data recorded
619 at such affected unit during the most recent calendar quarter.

620 (4) The owner or operator of any affected unit shall, for each
621 calendar quarter, report to the Commissioner of Environmental
622 Protection the results of any stack test or average of the continuous
623 emission monitor data, as applicable, used to demonstrate compliance
624 with the provisions of this subsection. Such reports shall be submitted
625 on such forms as may be prescribed by the Commissioner of
626 Environmental Protection.

627 (5) The provisions of this subsection, when implemented by the

628 Commissioner of Environmental Protection, shall not suspend any
629 underlying procedures or requirements as set forth in the regulations
630 of Connecticut state agencies.

631 (c) On or before July 1, 2012, the Commissioner of Environmental
632 Protection shall conduct a review of the mercury emission limits
633 applicable to all affected units in the state. On or after July 1, 2012, the
634 Commissioner of Environmental Protection may adopt regulations, in
635 accordance with the provisions of chapter 54, imposing mercury
636 emission limits that are more stringent than such emissions
637 requirements provided for in [subdivision (1) or (2)] subparagraph (A)
638 or (B) of subdivision (1) of subsection (b) of this section.

639 Sec. 19. Section 22a-201 of the 2008 supplement to the general
640 statutes is repealed and the following is substituted in lieu thereof
641 (*Effective from passage*):

642 As used in sections 22a-201a to 22a-201c, inclusive:

643 (1) "Motor vehicle" means motor vehicle, as defined in section 14-1
644 of the 2008 supplement to the general statutes, except that for purposes
645 of this section, [motor vehicle] "motor vehicle" is limited to vehicles
646 with gross vehicle weight rating, as defined in section 14-1 of the 2008
647 supplement to the general statutes, of ten thousand pounds or less,
648 and does not include any motorcycle; and

649 (2) "Greenhouse gas" means greenhouse gas, as defined in section
650 22a-200.

651 Sec. 20. Subsection (a) of section 22a-201c of the general statutes is
652 repealed and the following is substituted in lieu thereof (*Effective from*
653 *passage*):

654 (a) On and after January 1, 2007, the Commissioner of Motor
655 Vehicles shall charge a fee of five dollars, in addition to any other fees
656 required for [such] registration, for each new motor vehicle. Said fee
657 may be identified as the "greenhouse gas reduction fee" on any

658 registration form, or combined with the fee specified by subdivision (3)
 659 of subsection (k) of section 14-164c. All receipts from the payment of
 660 such fee shall be deposited into the federal Clean Air Act account
 661 established pursuant to section 14-49b.

662 Sec. 21. Subsections (b) to (d), inclusive, of section 22a-208a of the
 663 general statutes are repealed and the following is substituted in lieu
 664 thereof (*Effective from passage*):

665 (b) No person or municipality shall establish, construct or operate a
 666 solid waste facility without a permit issued by the commissioner under
 667 this section. An application for such permit shall be submitted on a
 668 form prescribed by the commissioner, include such information as the
 669 commissioner may require, including, but not limited to, a closure plan
 670 for such facility, and be accompanied by a fee prescribed in regulations
 671 adopted in accordance with chapter 54. Notwithstanding any
 672 provision of the general statutes or any regulation adopted pursuant to
 673 said statutes, references to a permit to construct or a permit to operate
 674 in a regulation adopted pursuant to section 22a-209 shall be deemed to
 675 mean a permit as required by this subsection. The applicant shall send
 676 a written notification of any application for such permit to the chief
 677 elected official of each municipality in which the proposed facility is to
 678 be located, within five business days of the date on which any such
 679 application is filed.

680 (c) Upon written notice from the commissioner and in accordance
 681 with a schedule specified by the commissioner in such written notice,
 682 any person or municipality [who] that owns an unpermitted solid
 683 waste disposal area shall (1) submit a closure plan for the
 684 commissioner's review and written approval, provide public notice of
 685 such proposed plan in a manner prescribed by regulations adopted
 686 pursuant to section 22a-133k and close and maintain such area after
 687 closure in accordance with the approved closure plan, or (2) remediate
 688 such disposal area in accordance with a remediation plan approved by
 689 the commissioner or verified by a licensed environmental professional

690 pursuant to section 22a-134a [, 22a-134x] of the 2008 supplement to the
 691 general statutes, 22a-133x of the 2008 supplement to the general
 692 statutes or 22a-133y or pursuant to an order of the commissioner. A fee
 693 of three thousand dollars shall accompany any closure plan submitted
 694 pursuant to this subsection. The commissioner may require the owner
 695 of a solid waste disposal area to post sufficient performance bond or
 696 other security to ensure compliance with the approved closure plan.
 697 The commissioner may approve a modification to a closure plan for a
 698 solid waste disposal area. A fee of five hundred dollars shall
 699 accompany the request for such modification. The commissioner may
 700 reduce or waive the fees required by this subsection in cases of
 701 financial hardship and may modify such fees in regulations adopted in
 702 accordance with chapter 54. The commissioner may require a person
 703 or municipality to provide public notice of a proposed modification of
 704 a closure plan if the modification involves any activity that would
 705 disrupt the solid waste or change the use of the solid waste disposal
 706 area. Notwithstanding the provisions of this subsection, the
 707 commissioner may order a person or municipality [who] that
 708 establishes or constructs a solid waste disposal area without first
 709 obtaining a permit as required by subsection (b) of this section to
 710 remove any solid waste disposed at such area, to remediate any
 711 pollution caused by such waste, and to properly dispose of such waste
 712 at a lawfully operated solid waste facility.

713 (d) (1) No person or municipality [who] that holds a permit issued
 714 under this section shall alter the design or method of operation of the
 715 permitted facility without first obtaining a modified permit. For the
 716 purposes of this section and sections 22a-208, 22a-208b, 22a-220a, 22a-
 717 225 and 22a-226, "alter" means to change to any substantive degree the
 718 design, capacity, volume process or operation of a solid waste facility
 719 and includes, but is not limited to, changes in the approved capacity or
 720 composition of solid waste disposed of, processed, reduced, stored or
 721 recycled at the facility. The commissioner may approve, in writing, a
 722 modification of a closure plan for a closed permitted solid waste
 723 disposal area without modifying the permit for such area. The

724 commissioner may require a person who, or a municipality that,
725 requests such modification to provide public notice of a proposed
726 modification of a closure plan if the modification involves any activity
727 that would disrupt the solid waste or change the use of the solid waste
728 disposal area. A fee of five hundred dollars shall accompany any
729 request for such modification of a closure plan. The commissioner may
730 reduce or waive such fee in cases of financial hardship and may
731 modify such fee in accordance with regulations adopted in accordance
732 with chapter 54.

733 (2) Changes in design, processes or operations, including the
734 addition of thermal oxidizers or other air pollution control equipment,
735 made to mitigate, correct or abate odors from a solid waste facility that
736 is owned or operated by the Connecticut Resources Recovery
737 Authority and that contracts with more than fifty municipalities, shall
738 not be considered an alteration requiring a modified permit or minor
739 permit amendment under this chapter. In addition, notwithstanding
740 any provision of the general statutes or regulation adopted pursuant to
741 said statutes, any such change shall not be considered a modification
742 or new stationary source requiring a permit to construct or operate
743 under chapter 446c or under any regulation adopted pursuant to
744 chapter 446c, unless such change is a major modification or a major
745 stationary source requiring a permit under the federal Clean Air Act
746 Amendments of 1990. Any person making any such change to an odor
747 control system at such a facility shall, not more than thirty days after
748 making such change, submit a written report to the commissioner fully
749 describing the changes made and the reason for such changes for the
750 commissioner's review and comment. Nothing in this subdivision shall
751 affect the commissioner's authority to take any other action to enforce
752 the requirements of this title.

753 Sec. 22. Subdivisions (3) to (5), inclusive, of section 22a-255j of the
754 general statutes are repealed and the following is substituted in lieu
755 thereof (*Effective from passage*):

756 (3) A package or packaging component to which lead, cadmium,
757 mercury or hexavalent chromium [have] has been added in the
758 manufacturing or distribution process in order to comply with health
759 or safety requirements of federal law, provided the manufacturer of
760 such a package or packaging component has demonstrated to the
761 commissioner that such package or packaging component is entitled to
762 an exemption under this subdivision and the commissioner grants
763 such exemption. The exemption shall be effective for up to two years
764 and may be extended if circumstances warrant an extension. An
765 extension may be granted for up to two years;

766 (4) Any alcoholic liquor bottled prior to October 1, 1992;

767 (5) A package or packaging component to which lead, cadmium,
768 mercury or hexavalent chromium [have] has been added in the
769 manufacturing, forming, printing or distribution process for which
770 there is no feasible alternative to the use of lead, cadmium, mercury or
771 hexavalent chromium provided the manufacturer of such a package or
772 packaging component has demonstrated to the commissioner that such
773 package or packaging component is entitled to an exemption under
774 this subdivision and the commissioner grants such exemption. The
775 exemption shall be effective for two years and may be extended if
776 circumstances warrant an extension. An extension may be granted for
777 up to two years. For purposes of this subdivision, a use for which there
778 is no feasible alternative is one which is essential to the protection, safe
779 handling or function of the package's contents and for which technical
780 constraints preclude the substitution of other materials. For purposes
781 of this subdivision, a use for which there is no feasible alternative shall
782 not include the use of any lead, cadmium, mercury or hexavalent
783 chromium for the purpose of marketing.

784 Sec. 23. Subsection (b) of section 22a-354p of the 2008 supplement to
785 the general statutes is repealed and the following is substituted in lieu
786 thereof (*Effective from passage*):

787 (b) No regulations of an aquifer protection agency shall become

788 effective or be established until after a public hearing in relation
789 thereto is held by the agency at which parties in interest and citizens
790 shall have an opportunity to be heard. Notice of the time and place of
791 such hearing shall be published in the form of a legal advertisement,
792 appearing at least twice in a newspaper having a substantial
793 circulation in the municipality at intervals of not less than two days,
794 the first not more than twenty-five days [nor] or less than fifteen days,
795 and the last not less than two days, before such hearing, and a copy of
796 such proposed regulation shall be filed in the office of the town, city or
797 borough clerk, as the case may be, in such municipality, for public
798 inspection at least ten days before such hearing, and may be published
799 in full in such paper. A copy of the notice and the proposed
800 regulations or amendments thereto shall be provided to the
801 Commissioner of Environmental Protection, the town clerk and any
802 affected water company at least thirty-five days before such hearing.
803 Such regulations may be from time to time amended, changed or
804 repealed after a public hearing in relation thereto is held by the agency
805 at which parties in interest and citizens shall have an opportunity to be
806 heard and for which notice shall be published in the manner specified
807 in this subsection. Regulations or changes therein shall become
808 effective at such time as is fixed by the agency, provided a copy of such
809 regulation or change shall be filed in the office of the town, city or
810 borough clerk, as the case may be. Whenever an agency makes a
811 change in regulations, it shall state upon its records the reason why the
812 change was made. All petitions submitted in writing and in a form
813 prescribed by the agency requesting a change in the regulations shall
814 be considered at a public hearing in the manner provided for
815 establishment of such regulations within ninety days after receipt of
816 such petition. The agency shall act upon the changes requested in the
817 petition within sixty days after the hearing. The petitioner may consent
818 to extension of the periods provided for a hearing and for adoption or
819 denial or may withdraw such petition.

820 Sec. 24. Subsection (d) of section 22a-354p of the 2008 supplement to
821 the general statutes is repealed and the following is substituted in lieu

822 thereof (*Effective from passage*):

823 (d) In granting, denying or limiting any permit for a regulated
 824 activity the aquifer protection agency shall state upon the record the
 825 reason for its decision. In granting a permit the agency may grant the
 826 application as filed or grant it upon such terms, conditions, limitations
 827 or modifications of the activity as are intended to carry out the policies
 828 of section 22a-354g. No person shall conduct any regulated activity
 829 within an aquifer protection area which requires zoning or subdivision
 830 approval without first having obtained a valid certificate of zoning or
 831 subdivision approval, special permit, special exception or variance, or
 832 other documentation establishing that the proposal complies with the
 833 zoning or subdivision requirements adopted by the municipality
 834 pursuant to chapters 124 to 126, inclusive, or any special act. The
 835 agency may suspend or revoke a permit if it finds, after giving notice
 836 to the permittee of the facts or conduct which warrants the intended
 837 action and after a hearing at which the permittee is given an
 838 opportunity to show compliance with the requirements for retention of
 839 the permit, that the applicant has not complied with the conditions or
 840 limitations set forth in the permit or has exceeded the scope of the
 841 work as set forth in the application. The agency shall send to any
 842 affected water company a copy of the notice at least ten days before the
 843 hearing by certified mail, return receipt requested. Any affected water
 844 company may, through a representative, appear and be heard at any
 845 such hearing. The applicant or permittee shall be notified of the
 846 agency's decision by certified mail, return receipt requested, within
 847 fifteen days of the date of the decision and the agency shall cause
 848 notice of its order in issuance, denial, revocation or suspension of a
 849 permit to be published in a newspaper having a general circulation in
 850 the municipality in which the aquifer protection area is located.

851 Sec. 25. Subsection (a) of section 22a-411 of the 2008 supplement to
 852 the general statutes is repealed and the following is substituted in lieu
 853 thereof (*Effective from passage*):

854 (a) The commissioner may issue a general permit for any minor
 855 activity regulated under sections 22a-401 to 22a-410, inclusive, except
 856 for any activity covered by an individual permit, if the commissioner
 857 determines that such activity would cause minimal environmental
 858 effects when conducted separately and would cause only minimal
 859 cumulative environmental effects. Such activities may include routine
 860 maintenance and routine repair of any dam, dike, reservoir or other
 861 similar structure. Any person conducting an activity for which a
 862 general permit has been issued shall not be required to obtain an
 863 individual permit under sections 22a-36 to 22a-45a, inclusive, or
 864 section 22a-342, 22a-368 or 22a-403, except as provided in subsection
 865 (c) of this section. A general permit shall clearly define the activity
 866 covered thereby and may include such conditions and requirements as
 867 the commissioner deems appropriate, including, but not limited to,
 868 management practices and verification and reporting requirements.
 869 The general permit may require any person conducting any activity
 870 under the general permit to report, on a form prescribed by the
 871 commissioner, such activity to the commissioner before it shall be
 872 covered by the general permit. The commissioner shall prepare, and
 873 shall annually amend, a list of holders of general permits under this
 874 section, which list shall be made available to the public.

875 Sec. 26. Subsection (f) of section 22a-449 of the 2008 supplement to
 876 the general statutes is repealed and the following is substituted in lieu
 877 thereof (*Effective from passage*):

878 (f) The Commissioner of Environmental Protection may adopt
 879 regulations, in accordance with the provisions of chapter 54, to
 880 establish (1) requirements for the inspection of nonresidential
 881 underground storage tank systems for compliance with the
 882 requirements of this chapter, including, but not limited to, the
 883 minimum frequency, method and content of inspections, and
 884 maintenance and disclosure of results, (2) a program to authorize
 885 persons to (A) perform inspections, including, but not limited to,
 886 education and training requirements for such persons, and whether or

887 not such persons may be employed by the owner or operator of the
 888 subject nonresidential underground storage tank system, and (B)
 889 determine whether the violations for which a nonresidential
 890 underground storage tank system has been taken out of service
 891 pursuant to subsection (g) of this section have been corrected, which
 892 regulations may include, but not be limited to, a prohibition [for]
 893 against an owner or operator of any such system [from] placing such
 894 system back into service pursuant to subsection (g) of this section after
 895 the regulations take effect or additional requirements for an owner or
 896 operator of any such system, and (3) requirements, in addition to the
 897 requirements contained in subsection (g) of this section, relating to the
 898 prohibition of deliveries to and the use of nonresidential underground
 899 storage tank systems that are not in compliance with section 22a-449a
 900 or with the requirements of this section and any regulations adopted
 901 under this section.

902 Sec. 27. Subdivision (3) of section 22a-449a of the general statutes is
 903 repealed and the following is substituted in lieu thereof (*Effective from*
 904 *passage*):

905 (3) "Responsible party" means (A) for an application or request for
 906 payment or reimbursement received by the board before July 1, 2005,
 907 or for a determination made by the board before July 1, 2005,
 908 regarding a person's status as a responsible party or a third party with
 909 respect to a specific release or suspected release, [made by the board
 910 before July 1, 2005,] any person who owns or operates an underground
 911 storage tank or underground storage tank system from which a release
 912 or suspected release emanates, (B) for an application or request for
 913 payment or reimbursement received by the board on or after July 1,
 914 2005, any person who (i) at any time owns, leases, uses or has an
 915 interest in the real property on which an underground storage tank
 916 system is or was located from which there is or has been a release or
 917 suspected release, regardless of when the release or suspected release
 918 occurred, or whether such person owned, leased, used or had an
 919 interest in the real property at the time the release or suspected release

920 occurred, or whether such person owned, operated, leased or used the
 921 underground storage tank system from which the release or suspected
 922 release occurred, (ii) at any time owns, leases, operates, uses, or has an
 923 interest in an underground storage tank system from which there is or
 924 has been a release or suspected release, regardless of when the release
 925 or suspected release occurred or whether such person owned, leased,
 926 operated, used or had an interest in the underground storage tank
 927 system at the time the release or suspected release occurred, or (iii) is
 928 affiliated with a person described in [subclause] clause (i) or (ii) of this
 929 subparagraph through a direct or indirect familial relationship or any
 930 contractual, corporate or financial relationship.

931 Sec. 28. Subsections (a) and (b) of section 22a-449e of the general
 932 statutes are repealed and the following is substituted in lieu thereof
 933 (*Effective from passage*):

934 (a) The Commissioner of Environmental Protection, after
 935 consultation with the members of the board established by section 22a-
 936 449d, shall adopt regulations in accordance with the provisions of
 937 chapter 54 setting forth procedures for reimbursement and payment
 938 from the account established under section 22a-449c. Such regulations
 939 shall include such provisions as the commissioner deems necessary to
 940 carry out the purposes of sections 22a-449a to 22a-449h, inclusive, as
 941 amended by this act, including, but not limited to, provisions for (1)
 942 notification of eligible parties of the existence of the account; (2)
 943 records required for submission of claims and reimbursement and
 944 payment; (3) periodic and partial reimbursement and payment to
 945 enable responsible parties to meet interim costs, expenses and
 946 obligations; and (4) reimbursement and payment for costs, expenses
 947 and obligations incurred in connection with releases or suspected
 948 releases [, and incurred after July 5, 1989, for releases] discovered
 949 before or after [said date] July 5, 1989, provided reimbursement and
 950 payment shall not be made for costs, expenses and obligations
 951 incurred by a responsible party on or before said date.

952 (b) (1) The commissioner, in accordance with the procedures set
 953 forth in subdivision (2) of this subsection, may prescribe a schedule for
 954 the maximum or range of amounts to be paid from the account for
 955 labor, equipment, materials, services or other costs, expenses or
 956 obligations paid or incurred as a result of a release or suspected
 957 release. Such schedule shall not be a regulation, as defined in section 4-
 958 166 and the adoption, modification, repeal or use of such schedule
 959 shall not be subject to the provisions of chapter 54 concerning a
 960 regulation. The amounts in any such schedule may be less than and
 961 shall be not more than the usual, customary and reasonable amounts
 962 charged, as determined by the commissioner. Notwithstanding the
 963 provisions of sections 22a-449a to 22a-449j, inclusive, as amended by
 964 this act, or any regulation adopted by the commissioner pursuant to
 965 this section, upon adoption of any such schedule, the amount to be
 966 paid from the account for any labor, equipment, materials, services or
 967 other costs, expenses or other obligations, shall not exceed the amount
 968 established in any such schedule and such schedule may serve as
 969 guidance with respect to any costs, expenses or other obligations paid
 970 or incurred before the adoption of such schedule.

971 (2) The commissioner shall adopt, revise or revoke [said] the
 972 schedule in accordance with the provisions of this subsection. After
 973 consultation with the board, the commissioner shall publish notice of
 974 intent to adopt, revise or revoke the schedule, or any portion thereof,
 975 in a newspaper having substantial circulation in the affected area.
 976 There shall be a comment period of thirty days following publication
 977 of such notice during which interested persons may submit written
 978 comments to the commissioner. The commissioner shall publish notice
 979 of the adoption, revision or revocation of the schedule, or part thereof,
 980 in a newspaper having substantial circulation in the affected area. The
 981 commissioner shall, upon request, review the schedule and shall make
 982 any revisions the commissioner deems necessary to such schedule [not
 983 more than] once every two years or may do so more frequently as the
 984 commissioner deems necessary. The commissioner, after consultation
 985 with the board, may revise or revoke the schedule, in whole or in part,

986 using the procedures specified in this subsection. Any person may
987 request that the commissioner adopt, revise or revoke the schedule in
988 accordance with this subsection.

989 Sec. 29. Subsection (b) of section 22a-449f of the 2008 supplement to
990 the general statutes is repealed and the following is substituted in lieu
991 thereof (*Effective from passage*):

992 (b) (1) In addition to all other applicable requirements, a person
993 seeking payment or reimbursement from the account shall
994 demonstrate that when the total costs, expenses or other obligations in
995 response to a release or suspected release (A) are two hundred fifty
996 thousand dollars or less, [that] all labor, equipment and materials
997 provided after October 1, 2005, and all services and activities
998 undertaken after October 1, 2005, are approved, in writing, either by
999 the commissioner or by a licensed environmental professional with a
1000 currently valid and effective license issued pursuant to section 22a-
1001 133v of the 2008 supplement to the general statutes; and (B) exceed two
1002 hundred fifty thousand dollars, [that] all labor, equipment and
1003 materials provided after October 1, 2005, and all services and activities
1004 undertaken after October 1, 2005, are approved, in writing, by the
1005 commissioner, provided the commissioner may authorize, in writing, a
1006 licensed environmental professional with a currently valid and
1007 effective license issued pursuant to section 22a-133v of the 2008
1008 supplement to the general statutes to approve, in writing, such labor,
1009 equipment, materials, services and activities, in lieu of the
1010 commissioner. The provisions of this subsection shall apply to all costs,
1011 expenses or other obligations for which a person is seeking payment or
1012 reimbursement from the account and the board shall not order and the
1013 commissioner shall not make payment or reimbursement from the
1014 account for any cost, expense or other obligation, unless the person
1015 seeking such payment or reimbursement provides the written
1016 approval required by this subdivision. Any written approval provided
1017 by a licensed environmental professional pursuant to this subdivision
1018 shall be submitted with the application for payment or reimbursement.

1019 Any written approval provided by the commissioner pursuant to this
1020 subdivision shall not constitute an approval pursuant to any other
1021 provision of the general statutes or any regulation and shall be
1022 presented to the board prior to the board making a decision regarding
1023 the application that such approval concerns.

1024 (2) The fees charged by a licensed environmental professional
1025 regarding labor or services rendered in response to a release or
1026 suspected release may be included in any application or request for
1027 payment or reimbursement submitted to the board. The amount to be
1028 paid or reimbursed from the account for such fees may also be
1029 established in the schedule adopted by the commissioner pursuant to
1030 subsection (b) of section 22a-449e, as amended by this act.

1031 (3) Providing it is true and accurate, a licensed environmental
1032 professional shall submit the following certification regarding any
1033 approval provided under subdivision (1) of this subsection and section
1034 22a-449p: "I hereby agree that all of the labor, equipment, materials,
1035 services, and activities described in or covered by this certification
1036 were appropriate under the circumstances to abate an emergency or
1037 were performed as part of a plan specifically designed to ensure that
1038 the release or suspected release is or has been investigated in
1039 accordance with prevailing standards and guidelines and remediated
1040 consistent with and to achieve compliance with the remediation
1041 standards adopted under section 22a-133k of the general statutes."

1042 Sec. 30. Subsection (c) of section 22a-449f of the 2008 supplement to
1043 the general statutes is repealed and the following is substituted in lieu
1044 thereof (*Effective from passage*):

1045 (c) The board shall order reimbursement or payment from the
1046 account for any cost paid or incurred, as the case may be, if, (1) such
1047 cost is or was incurred after July 5, 1989, (2) a responsible party was or
1048 would have been required to demonstrate financial responsibility
1049 under 40 CFR Part 280.90 et seq. as said regulation was published in
1050 the Federal Register of October 26, 1988, for the underground storage

1051 tank or underground storage tank system from which the release
1052 emanated, whether or not such party is required to comply with said
1053 requirements on the date any such cost is incurred, provided if the
1054 state is the responsible party, the board may order payment from the
1055 account without regard to whether the state was or would have been
1056 required to demonstrate financial responsibility under said sections 40
1057 CFR Part 280.90 et seq., (3) after the release, if any, the responsible
1058 party incurred a cost, expense or obligation for investigation, cleanup
1059 or for claims of a person other than a responsible party resulting from
1060 the release, provided any such claim shall be required to be finally
1061 adjudicated or settled with the prior written approval of the board
1062 before an application for reimbursement or payment is made, (4) the
1063 board determines that the cost, expense or other obligation is
1064 reasonable and that there are not grounds for recovery specified in
1065 subdivision (1) or (3) of subsection (g) of this section, (5) the
1066 responsible party notified the board, as soon as practicable, of the
1067 release and of any other claim by a person other than a responsible
1068 party, resulting from the release, in accordance with the regulations
1069 adopted pursuant to section 22a-449e as amended by this act, (6) the
1070 responsible party, or, if a person other than a responsible party applies
1071 for payment or reimbursement from the account, then such person
1072 demonstrates the remediation, including any monitoring to determine
1073 the effectiveness of the remediation, for which payment or
1074 reimbursement is sought is not more stringent than that required by
1075 the remediation standards established pursuant to section 22a-133k,
1076 except to the extent the responsible party or such person demonstrates
1077 that it has been directed otherwise, in writing, by the commissioner, (7)
1078 the responsible party, or, if a person other than a responsible party
1079 applies for payment or reimbursement from the account, then such
1080 person demonstrates that it does not have insurance, or a contract or
1081 other agreement to provide payment or reimbursement for any cost,
1082 expense or other obligation incurred in response to a release or
1083 suspected release, or if there is any such insurance, contract or other
1084 agreement, that any insurance coverage has been denied or is

1085 insufficient to cover the costs, expenses or other obligations, paid or
1086 incurred or that any contract or other agreement is not able to or is
1087 insufficient to cover the costs, expenses or other obligations, paid or
1088 incurred, for which payment or reimbursement is sought from the
1089 account, (8) the responsible party demonstrates and the board
1090 determines that one of the milestones noted in section 22a-449p has
1091 been completed, (9) the board determines what, if any, reductions to
1092 the amounts sought from the account should be made based upon the
1093 compliance evaluations performed pursuant to subsection (d) of this
1094 section, and (10) at the time any application or request for payment or
1095 reimbursement, including any supplemental application or request, is
1096 submitted to the board, (A) for applications filed with the
1097 underground storage tank petroleum clean-up account on or after
1098 October 1, 2007, there is no underground storage tank system subject
1099 to the financial responsibility demonstration required in subdivision
1100 (2) of this subsection dispensing petroleum on the property where the
1101 release or suspected release emanated or occurred, and if the
1102 application is submitted by the person who owns or operates or who
1103 owned or operated the underground storage tank system at the time of
1104 the release, such person demonstrates, in addition to all other
1105 applicable requirements, that lack of compliance with provisions of the
1106 general statutes and regulations governing underground storage tank
1107 systems was not a proximate cause of the release or suspected release
1108 and that there are not grounds for recovery specified in subdivision (2)
1109 of subsection (g) of this section, or (B) for applications filed with the
1110 underground storage tank petroleum clean-up account prior to
1111 October 1, 2007, there is no underground storage tank system
1112 dispensing petroleum on the property where the release or suspected
1113 release emanated or occurred, and if the application is submitted by
1114 the person who owns or operates or who owned or operated the
1115 underground storage tank system at the time of the release, such
1116 person demonstrates, in addition to all other applicable requirements,
1117 that lack of compliance with provisions of the general statutes and
1118 regulations governing underground storage tank systems was not a

1119 proximate cause of the release or suspected release and that there are
1120 not grounds for recovery specified in subdivision (2) of subsection (g)
1121 of this section. Subdivision (10) of this [section] subsection shall not
1122 apply to any application filed with the underground storage tank
1123 petroleum clean-up account concerning a release of an underground
1124 storage tank system that was reported to the Commissioner of
1125 Environmental Protection in September, 2003 where such system was
1126 owned or operated by a municipality or other political subdivision of
1127 the state at the time of the release and such system was removed on or
1128 before April 1, 2005. In acting on an application or a request for
1129 payment or reimbursement, the board, using funds from the account,
1130 may contract with experts, including, but not limited to, attorneys and
1131 medical professionals, to better evaluate and defend against claims and
1132 negotiate claims by persons other than responsible parties. The costs of
1133 the board for experts shall not be charged to the amount allocated to
1134 the Department of Environmental Protection pursuant to section 22a-
1135 449c of the 2008 supplement to the general statutes. If a person other
1136 than a responsible party applies to the board claiming to have suffered
1137 bodily injury, property damage or damage to natural resources, the
1138 board shall order reimbursement or payment from the account if such
1139 person demonstrates that subdivisions (1), (2), (6) and (7) of this
1140 subsection are satisfied, the board determines that as a result of a
1141 release or suspected release such person has suffered bodily injury,
1142 property damage or damage to natural resources, that the costs,
1143 expenses or other obligations incurred are reasonable and the person
1144 submitting such claim demonstrates that it has attempted to or has
1145 provided written notice of its claim to the responsible party as
1146 required in subsection (a) of this section and that the responsible party
1147 has not applied to the board for payment or reimbursement of this
1148 claim. On or before June 30, 2005, if the board denied reimbursement
1149 or provided for only partial payment or reimbursement from the
1150 account regarding a release, pursuant to subdivision (4) of this
1151 [section] subsection, such denial or partial payment or reimbursement
1152 shall remain in effect and shall apply to all subsequent applications or

1153 requests for payment or reimbursement regarding such release.

1154 Sec. 31. Subsection (g) of section 22a-619 of the general statutes is
1155 repealed and the following is substituted in lieu thereof (*Effective from*
1156 *passage*):

1157 (g) (1) Manufacturers shall meet all the requirements of this section
1158 for large appliances, including, but not limited to, washers, dryers,
1159 ovens, including microwave ovens, refrigerators, air conditioners,
1160 dehumidifiers or portable heaters sold in a store where such [appliance
1161 is] appliances are on display, except that no package labeling shall be
1162 required; (2) manufacturers shall meet all the requirements of this
1163 section for mercury fever thermometers, except that no product
1164 labeling shall be required; (3) in the case of vehicles, (A) manufacturers
1165 shall meet the product labeling requirements of this section for
1166 vehicles by placing a label on the doorpost of the vehicles that lists the
1167 mercury-added components that may be present in the vehicle, and (B)
1168 manufacturers shall not be required to label the mercury-added
1169 components of the vehicle; (4) manufacturers of products that contain
1170 a mercury-containing lamp used for backlighting that cannot feasibly
1171 be removed by the purchaser shall meet the product labeling
1172 requirements of this section by placing the label on the product or its
1173 care and use manual; (5) manufacturers shall meet all the requirements
1174 of this section for button cell batteries containing mercury, except that
1175 no labeling shall be required; (6) in the case of products that contain
1176 button cell batteries containing mercury as the only mercury
1177 components, manufacturers shall meet the packaging requirements of
1178 this section by including a label in the product instructions, if any, and
1179 on the packaging, and no further product labeling shall be required; (7)
1180 manufacturers of fluorescent lights and high-intensity discharge lamps
1181 shall meet the labeling requirements of this section by labeling the
1182 product packaging and placing the symbol "Hg" on each lamp; (8)
1183 manufacturers of medical equipment not intended for use by
1184 nonmedical personnel are exempt from this section; and (9)
1185 manufacturers shall meet this requirement for luminaires not sold

1186 through retail sales channels by providing information on their web
1187 sites and in catalogs.

1188 Sec. 32. Subsection (a) of section 22a-628 of the general statutes is
1189 repealed and the following is substituted in lieu thereof (*Effective from*
1190 *passage*):

1191 (a) Any person who, with criminal negligence, violates any
1192 provision of this chapter, including, but not limited to, any regulation
1193 adopted or order issued pursuant to this chapter, or who makes any
1194 false statement, representation [,] or certification in any application,
1195 notification, request for exemption, record, plan, report or other
1196 document filed or required to be maintained under this chapter, shall
1197 be fined not more than twenty-five thousand dollars per day for each
1198 day of violation or be imprisoned not more than one year, or both. A
1199 subsequent conviction for any such violation shall carry a fine of not
1200 more than fifty thousand dollars per day for each day of violation or
1201 imprisonment for not more than two years, or both.

1202 Sec. 33. Section 22a-637 of the 2008 supplement to the general
1203 statutes is repealed and the following is substituted in lieu thereof
1204 (*Effective from passage*):

1205 On and after January 1, 2009, the Commissioner of Environmental
1206 Protection may issue cease and desist orders in accordance with
1207 section 22a-7 for any violation of sections 22a-629 to 22a-640, inclusive,
1208 of the 2008 supplement to the general statutes, as amended by this act,
1209 and [to] suspend or revoke any registration issued by the
1210 commissioner under section 22a-630 of the 2008 supplement to the
1211 general statutes, as amended by this act upon a showing of cause and
1212 after a hearing. The courts may grant such restraining orders and such
1213 temporary and permanent injunctive relief as may be necessary to
1214 secure compliance with sections 22a-629 to 22a-640, inclusive, of the
1215 2008 supplement to the general statutes, as amended by this act. Civil
1216 proceedings to enforce sections 22a-629 to 22a-640, inclusive, of the
1217 2008 supplement to the general statutes, as amended by this act, may

1218 be brought by the Attorney General in the superior court for any
1219 judicial district affected by the violation.

1220 Sec. 34. Subsection (a) of section 32-324b of the 2008 supplement to
1221 the general statutes is repealed and the following is substituted in lieu
1222 thereof (*Effective from passage*):

1223 (a) A qualified biodiesel producer shall be eligible for not more than
1224 sixty monthly grants from the Connecticut qualified biodiesel
1225 producer incentive account, established pursuant to section 32-324b of
1226 the 2008 supplement to the general statutes, as amended by this act.
1227 The Department of Economic and Community Development, in
1228 consultation with the person, firm, corporation or entity selected to
1229 implement the grant pursuant to subsection (b) of section 32-324a of
1230 the 2008 supplement to the general statutes, if applicable, shall
1231 determine monthly grant amounts by calculating the estimated gallons
1232 of biodiesel produced during the preceding month, as certified by the
1233 Commissioner of Economic and Community Development, or a
1234 designee, and applying such figure to the per gallon incentive credit
1235 established in subsection (b) of this section.

1236 Sec. 35. Subdivision (4) of section 22a-629 of the 2008 supplement to
1237 the general statutes is repealed and the following is substituted in lieu
1238 thereof (*Effective from passage*):

1239 (4) "Computer" means an electronic, magnetic, optical,
1240 electrochemical, or other [highspeed] high-speed data processing
1241 device performing a logical, arithmetic or storage function, and may
1242 include, but not be limited to, both a computer central processing unit
1243 and a monitor, but does not include an automated typewriter or
1244 typesetter, a portable handheld calculator, a portable digital assistant
1245 or other similar device.

1246 Sec. 36. Subdivision (7) of section 22a-629 of the 2008 supplement to
1247 the general statutes is repealed and the following is substituted in lieu
1248 thereof (*Effective from passage*):

1249 (7) "Manufacturer" means any person who: (A) Manufactures or
 1250 manufactured covered electronic devices under a brand that it licenses,
 1251 owns or owned, for sale in this state; (B) manufactures or
 1252 manufactured covered electronic devices without affixing a brand, for
 1253 sale in this state; (C) resells or has resold in this state under its own
 1254 brand or label a covered electronic device produced by other suppliers,
 1255 including retail establishments that sell covered electronic [products]
 1256 devices under their own brand names; (D) imports or imported into
 1257 the United States or exports from the United States covered electronic
 1258 devices for sale in this state; (E) sells at retail a covered electronic
 1259 device acquired from an importer that is the manufacturer as described
 1260 in subparagraph (D) of this subdivision, and elects to register in lieu of
 1261 the importer as the manufacturer for those products; or (F)
 1262 manufactures or manufactured covered electronic devices, supplies
 1263 them to any person or persons within a distribution network that
 1264 includes wholesalers or retailers in this state, and benefits from the sale
 1265 in this state of those covered electronic devices through such
 1266 distribution network.

1267 Sec. 37. Subdivision (18) of section 22a-629 of the 2008 supplement
 1268 to the general statutes is repealed and the following is substituted in
 1269 lieu thereof (*Effective from passage*):

1270 (18) "Television" means a stand-alone display system containing a
 1271 CRT or any other type of display primarily intended to receive video
 1272 programming via broadcast, having a viewable area greater than four
 1273 inches when measured diagonally, able to adhere to standard
 1274 consumer video formats such as PAL, SECAM, NTSC, ATSC and
 1275 HDTV and having the capability of selecting different broadcast
 1276 channels and [support] supporting sound capability.

This act shall take effect as follows and shall amend the following sections:		
Section 1	<i>from passage</i>	7-131g(a)
Sec. 2	<i>from passage</i>	12-263m(b)

Sec. 3	<i>from passage</i>	12-263m(h)
Sec. 4	<i>from passage</i>	12-504e
Sec. 5	<i>from passage</i>	16-50j(b)
Sec. 6	<i>from passage</i>	16a-21a
Sec. 7	<i>from passage</i>	19a-35a(a)
Sec. 8	<i>from passage</i>	22-358(d)
Sec. 9	<i>from passage</i>	22a-6u(d)(2)
Sec. 10	<i>from passage</i>	22a-6u(j) and (k)
Sec. 11	<i>from passage</i>	22a-59(a)
Sec. 12	<i>from passage</i>	22a-61(b)(16)
Sec. 13	<i>from passage</i>	22a-63
Sec. 14	<i>from passage</i>	22a-133u(a) and (b)
Sec. 15	<i>from passage</i>	22a-134(1)(L)
Sec. 16	<i>from passage</i>	22a-134(1)(V)
Sec. 17	<i>from passage</i>	22a-134a(g) and (h)
Sec. 18	<i>from passage</i>	22a-199(b) and (c)
Sec. 19	<i>from passage</i>	22a-201
Sec. 20	<i>from passage</i>	22a-201c(a)
Sec. 21	<i>from passage</i>	22a-208a(b) to (d)
Sec. 22	<i>from passage</i>	22a-255j(3) to (5)
Sec. 23	<i>from passage</i>	22a-354p(b)
Sec. 24	<i>from passage</i>	22a-354p(d)
Sec. 25	<i>from passage</i>	22a-411(a)
Sec. 26	<i>from passage</i>	22a-449(f)
Sec. 27	<i>from passage</i>	22a-449a(3)
Sec. 28	<i>from passage</i>	22a-449e(a) and (b)
Sec. 29	<i>from passage</i>	22a-449f(b)
Sec. 30	<i>from passage</i>	22a-449f(c)
Sec. 31	<i>from passage</i>	22a-619(g)
Sec. 32	<i>from passage</i>	22a-628(a)
Sec. 33	<i>from passage</i>	22a-637
Sec. 34	<i>from passage</i>	32-324b(a)
Sec. 35	<i>from passage</i>	22a-629(4)
Sec. 36	<i>from passage</i>	22a-629(7)
Sec. 37	<i>from passage</i>	22a-629(18)

Statement of Purpose:

To make minor technical changes to the environmental statutes.

[Proposed deletions are enclosed in brackets. Proposed additions are indicated by underline, except that when the entire text of a bill or resolution or a section of a bill or resolution is new, it is not underlined.]
